The fastest, easiest way to order packaging products, manage your account and view helpful articles & videos.

- Browse over 45,000 packaging products by category
- Find products by SKU or keyword with Smart Search
- 24/7 ordering & account management
- View your latest contract pricing
- Access product videos and documents
- Access the IPS Knowledge Base full of helpful articles, how-tos and case studies.
- Request expert advice from our product specialists and Logic Packaging Engineers.

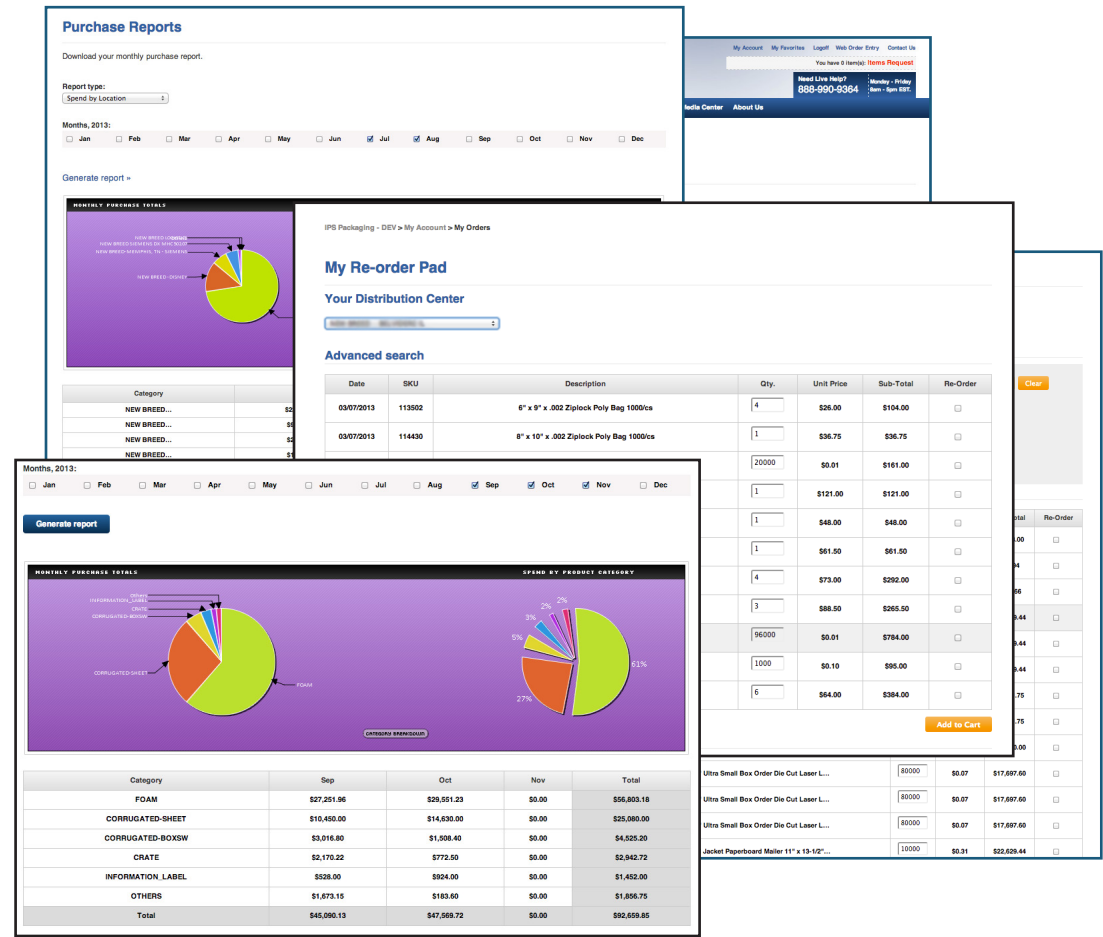

# Online Account Management

Enterprise-level account and inventory management.

# iPack.com Account Management

Accurately analyze your packaging costs and rapidly improve your bottom line with our intuitive, efficient and customizable online ordering and account management system.

- 24/7 ordering & account management
- Browse & search our entire catalog
- Review multiple bill-to & ship-to locations
- View your latest contract pricing
- Quickly & easily reorder products
- Review & track each location's activity
- Review & print invoices & signatures
- Custom real time data reporting
- Custom requisition processes
- ERP integration with custom file exports
- Custom packaging data analysis
- Real time signature confirmations
- Barcode creation & printing for quick scans with IPS Touch mobile app.

# iPack.com Account Features

Quickly and easily manage your IPS account online.

## Catalog

- Browse the entire IPS catalog by category
- View product details
- Find products by SKU or keyword with Smart Search
- Create and submit new orders
- Submit quote requests
- Reorder pad for quick inventory fulfillment

## Account

- View account information
- View single or multiple locations with real-time data for each location
- View multiple location contacts including permission credentials
- Access customized data for an overview of all locations or view specific locations

## Workflow

- PO/Requisition approval and notifications
- Track current location of order shipments
- Review signatures of delivered orders
- Print detailed invoices and summaries for all orders or download PDF files for your records

## Reporting

- Overview of key account trends
- View detailed reports of key KPIs by location, product category or specific products
- Customizable reporting by location and date range
- Save reports for data analysis in Excel or PDF format

# iPack.com Account Examples

# IPS Touch Mobile App

Mobile convenience on your iOS and Android device.

## IPS Touch

Provides real time access to your account information directly from your iOS or Android device.

- Create and submit orders in real time via iPhone, iPad and Android devices
- View order history, invoices and quote requests
- View product information (pictures, specs, etc)
- Attach photos to new product quotes for clarification
- Use your customer part numbers or IPS part numbers
- Browse by category, search by keyword or create custom product groups
- Leverage Quick Pad functionality for ease of product entry
- View & toggle between multiple branch locations
- Barcode scanner for building shopping carts (create barcodes on ipack.com)
- Respects credit controls & multiple user authorization levels

# IPS Touch Features

A streamlined, seamless account experience on your mobile device.

## Catalog

- Browse the entire IPS catalog
- View product information including images, custom attributes, spec sheets, etc.
- Search by SKU or keyword
- Create and submit new orders
- Create and submit new quote requests
- Quickly place orders with the Reorder Pad or by adding part numbers to the Quick Order Pad or simply scan barcodes\*\*

## Account

- View account details
- View branch locations
- Search order history by order number or specific PO

## Account Review

- Review open orders
- Review quotes
- View order history
- Access invoices
- A/R inquiries

## Features

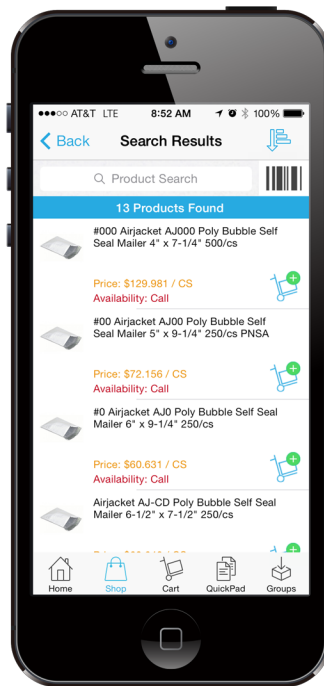

- Save time & eliminate errors by using barcode scanning\*\*
- Photo upload
- View product videos & additional information
- Create custom product groups based on common order requests

\*\*barcodes can be generated on [ipack.com](http://ipack.com)

Print your barcodes directly from ipack.com

Locate the barcode scanner on IPS Touch

Scan barcodes with mobile app to quickly add items to order.

# eProcurement

Connect to IPS Packaging directly from your existing technology processes.

## eProcurement Integration

In addition to ipack.com account management and IPS Touch mobile, IPS Packaging also offers a complete B2B eProcurement system to enable your company to electronically tie into your current applications and processes.

- Quickly and easily place orders directly from industry standard online systems
- Save time, money and resources by placing orders online at your convenience.
- The IPS eProcurement system ties directly into major EDI and ERP systems for a seamless, roundtrip connection.
- Secure, roundtrip connections with many popular ERP systems.
- Requisition creation, requisition approval, PO creation and PO approval.
- Works with popular software solutions such as SAP, Oracle, Ariba, SciQuest, and Coupa.
